

AUSTRIA

Science at its best for skin at its most beautiful.

Dr. Steven Victor continues to be celebrated around the world for his many advancements in the fields of medical and cosmetic dermatology.

Known for pioneering, perfecting and delivering the most cutting edge and effective high performance skincare, Dr. Victor has launched his luxury scientific skincare line, stevenvictor^{md}, bringing out natural beauty through science. Bio-Fusion[™] Technology transforms every stevenvictor^{md} cream, lotion and serum into a beneficial powerhouse by enabling up to five ingredient complexes

to interact in a complementary manner. This proprietary technology boosts the efficacy of each product significantly and dramatically increasing anti-aging results.

Dr. Victor has reinvigorated and raised the bar for "doctor brand" cosmeceuticals by establishing a botanically based, highly effective and luxury driven skin care line. Today stevenvictor^{md} anti-aging treatments are the most advanced and effective available anywhere, to revitalize, rejuvenate and restore the skin.

Available exclusively
at David Jones

Elizabeth Street, Bourke Street Mall,
Hay Street Mall, Rundle Mall, QueensPlaza

Online at www.rescu.com.au

Purchase any two products from
the range and receive a complimentary
Anti-Aging Cleanser valued at \$95*
