Keep them on hand

Let down by your wrinkly 'granny hands'? Have one of these hot new specialist products in easy reach:

* **The scented softener** Repeated washing dries hands – but not with Molton Brown's Amber Cocoon Liquid handwash, £13, which includes Siberian pine and vetiver essential oils and is fragranced with lush amber. Out 1 September.

* **The exfoliator** The Softening Hand Scrub from L'Occitane, £10, contains oatmeal to buff skin back to life and white clay to purify.

* **The super-hydrator** Caudalie's non-greasy and paraben-free Hand And Nail Cream, £10, is packed with moisture-rich organic shea butter, grapeseed oil and avocado.

Sneak preview!

Anyone who's anyone in the US has visited celebrated dermatologist Dr Steven Victor – and now his new skincare range is about to hit the UK. Top of our wish list is Bio-Nutritive Luxury Cream, which promises to reduce the surface area of wrinkles by up to 96 per cent – a big claim with a price tag to match: £300. Ouch.

HOT LOOKS FOR LIPS

Big for summer? Lips with zing! Fruity shades of orange, melon and coral were mouthwatering at Lacoste (above), Just Cavalli and Custo Barcelona. So wear them while you can – nude lips will be big for autumn. By day, go for sheer tropical lip jellies that are low on gloss (more natural for the beach – MAC Lip Jellies are great) then boost the glamour in the evening with gloss – try Aveda lip glaze in Tangerine, £11.50, with a light dusting of peach blush or bronzer.

A-listers' hair secret

If you think aftersun is just for your face, you're missing a trick, says hair stylist to the stars Mark Hill. 'Just like your skin, hair needs dedicated care in the sun to keep it fully hydrated and protected. We make his star clients (we're talking Kate Hudson and Sandra Bullock, to name just two) pack his Holiday Hair Aftersun Intensive Conditioner UV Protection – a bargain at £1.99. It's activated by the heat and delivers incredible moisture and vitamins back into the hair,' he says.
